

VANQUISH™
Animal Guard Interior

Our patented signature animal deterrent solution on a modular scale!

Recognizing the need to provide a interior line of defense for certain areas of larger substations, VANQUISH designed this unique interior fence system.

This innovative approach utilizes removable sections allowing for unfettered access to equipment by maintenance personnel.

Constructed from long life cycle materials, you can just install it and forget it!

Features

- ▶ Prevents small crawling animals from interacting with valuable substation equipment
- ▶ System is modular and easily expandable
- ▶ Often times, can be installed in days
- ▶ Can be installed in a variety of configurations
- ▶ In most cases all costs can be capitalized
- ▶ Gives more uniform coverage of substation equipment
- ▶ VANQUISH's Animal Guard Interior is a front line defense in the fight to increase reliability
