

VANQUISH™ Non-Conductive Privacy Wall

Non-Conductive Privacy Wall provides a safety barrier, blends in with surroundings, obscures equipment from neighbors, reduces noise and excludes vandals' prying eyes.

The system is available in heights up to 28 feet in virtually any color or color combinations. Lightweight and versatile, this system can be modified in the field to address various types of terrain.

Features

- Corrosion resistant
- Electrically non-conductive
- High strength to weight ratio
- Electromagnetically transparent
- Long life cycle material
- Low maintenance over life of product
- Color combinations available
- Compatible with the VANQUISH's Animal Guard
